1301 Tactical Pistol Grip LE Semi-Automatic Shotgun

 BERETTA

The 1301 Tactical Pistol Grip LE is Beretta's new gas operated semi-automatic shotgun designed for law enforcement and home defense. Right out of the box, the 1301 Tactical Pistol Grip LE features an oversized charging handle, large textured bolt release, and an oversized reversible safety button. The integrated BLINK gas operating system, featuring a cross tube gas piston, allows the 1301 Tactical to cycle 36% faster than any other shotgun on the market. Available in an 18.5" barrel configuration, the 1301 Tactical features a robust, protected sighting system that uses a ghost ring for the rear sight and an interchangeable front blade sight. The receiver offers a MIL-STD-1913 Picatinny rail. The pistol-grip Stock features an adjustable cheek piece, a LimbSaver[®] recoil pad and offers multiple sling attachment points.
