1301 Tactical Semi-Automatic Shotgun

 BERETTA

Shown in black

The 1301 is Beretta's gas-operated semi-automatic shotgun designed for law-enforcement and home-defense. Engineered to be ultra-reliable and easy to use, it has all the features that a modern tactical shotgun should offer—and more. And thanks to its compact size, it is ideal for negotiating tight spaces as well as for being safely stored away when not needed.
