TRG M10 Bolt Action Sniper Rifle

sako

Shown in green with folding rear stock

Multiple Configurations Available

Shown in black with rifle scope, folding rear stock, bipod and suppressor

Shown in desert tan with rifle scope, folding rear stock, bipod and muzzle brake

The TRG M10 is a bolt-action sniper rifle that is available in multiple calibers, manually operated and shoulder-fired, as well as magazine-fed. It has a high-capacity magazine and fully adjustable stock that make it a multi-functional system in a single weapon, suitable for many different situations. The M10 sniper weapon transforms from a compact medium range precision tool into a full-bodied sniper platform capable of engaging targets out to 1500 m and beyond—in minutes and virtually without tools.

Currently TRG M10 offers three different calibers (.308 Win, .300 Win Mag, and .338 Lapua Mag) and all these in multiple barrel lengths. Each of the calibers feature a high-capacity magazine. There are also three standard color options to select from: Stealth Black, Military Green, and Coyote Brown.

TRG M10 Bolt Action Sniper Rifle Features

.338 Lapua Mag

Caliber .338 Lapua Mag	Action Bolt action	Rifling 4-groove RH	Accuracy Sub 1 MOA, Factory acceptance test with high quality match ammunition
